At John F. Kennedy Elementary School, we believe that:

**"All students can learn and succeed but not on the same day
and not in the same way."(William Spady)**

The mission of John F. Kennedy Elementary School is to create a community that provides a caring, compassionate and creative environment in which the individual learning and character development of all students is our primary goal. This learning includes all dimensions, intellectual, moral, social and physical. Our community incorporates everyone involved in the school; students, teacher, parents, staff and the larger community, all of whom have a stake in each child's future as a contributing citizen.

Come visit our beautiful school and meet the team of people who make a difference in the lives of students everyday.

For more information about our school, visit our school website at:
